Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

The Lok Sabha is composed of representatives of people chosen by direct election on the basis of Universal Adult Suffrage. The Constitution of India allows for a maximum of 550 members in the House, with 530 members representing the States and 20 representing the **Union Territories**

Rahul Verma and Pranav Gupta analyse the likely fortunes of the Congress in the national elections in this article in ThePrint. They elaborate on how the party has made attempts to 'shift the narrative from just national security to jobs, farmers and corruption' in its campaign. Highlighting that 'the party has chosen a high-risk, highreward strategy', they add that 'it may fall flat, but it can also bring

This Dataset is based on the Lok Sabha 2019 in India. There are a total of 2263 rows and 19 columns in this dataset. By using this dataset this data analysis project is created. Here we use google COLAB to run these codes and analysis the dataset but you can use other platforms also to run the code

To constitute India's 17th Lok Sabha, general elections were held in April-May 2019. The results were announced on 23 May 2019. The main contenders were two alliance groups of the Incumbent National Democratic Alliance and the Opposition United Progressive Alliance and Indian National Congress

Prioritize

Your team should all be on the same page abou moving forward. Place your ideas on this grid to ideas are important and which are feasible.

① 20 minutes

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?
